Hi,

We are so excited that you have requested additional information about the marketing opportunity with Design-A-Tee Company.

Design-A-Tee Company is seeking outgoing, professional, honest people who want to make some extra cash either full-time or part-time to help us market our Art Parties, Art Classes and Screen Printing Services. This is not a salaried position. Commission only!

Marketing for Design-A-Tee Company is as easy as **1-2-3!**

1. No Selling Involved. Just hand out marketing material to people you know: Family, Friends, Co-Workers, Church Members, Club Members, Neighbors, Businesses on your schedule. There are no set hours. And we provide all the marketing material.

2. The person calls us to book a party, take art lessons or place a screen print order.

3. Immediately after the sale is complete, we send you a commission check. So you could receive a payment everyday, every week, every month. You decide how much you want to make and how often you want to work. Since this is not a salaried position, there are no quotas to fill...EVER.

Bonus: If the person you referred to us books another party, takes another class or places another screen print order, you receive a commission on that sale, too!
